What is it?

Sweet Home Finder…

- Is a **user-friendly web application** designed to improve the **animal adoption process.**
- Is a **streamlined system for matching the perfect pets with adopters**.
- Provides near real-time updates, **manages shelter records**, and offers an easy-to-use interface.
- Is built on a scalable client-server architecture with **Supabase, React, and NodeJS**.
- Ensures a more efficient, seamless **adoption experience for everyone.**

What features does SHF have?

1. **Smart Pet Quiz**
